

**Montague Energy Committee Meeting**  
**7-23-13 Minutes**  
**Town Hall 6:15-8:15 PM**

Present – Chris Mason, Sally Pick, Tim Van Egmond

- Solarize Money – summary of thoughts from last meeting about having a “Montague Energy Saver” self-sticking decal for car windows, etc., building awareness and directing people to website with more information, map.

Sally talked with graphic designer Lynne Rudier for advice about making decals, getting an idea about price.

Idea of a “green star” design, including

Green electricity

Green heat

Green transportation

Green efficiency

Green choices.

- Winserts for Town Hall front offices – Chris and Sally will take measurements, check with Laura Biddolf at CET if it's possible to make winserts that will fit those windows.
- Montague Center Library weatherization – Tim reported on e-mail from Chris Pletcher, who completed West eave side of attic in May, started East side but sealing gun seized up after a few bays. CP is leaving Coop Power, said he's passed on info about this to lead trainer and will also do so with his successor. At next MEC meeting, we'll put out word we're looking for volunteers to complete work so it's done before winter.
- Montague Center Library Furnace – waiting to hear from Jason.
- Strategic Planning – FRCOG, MassCEC and DOER update – Working Group meeting coming up Aug. 7, 5:30-7 PM at Transit Center in Greenfield. Chris will call Walter about make-up of Working Group.
- How we report to town residents on results of energy efficiency installations. Brainstorming; Chris suggested having a listing of what each MEC member has done personally for energy efficiency, etc. Montague Reporter series? Coverage in every quarterly “Going Green” section of Recorder?

Add to web site a bulleted list of what MEC/Town has done for residents, businesses, and for Town.

Apply for green awards, highlighting green heroes.

- Turners Falls Block Party – Tim will contact Riverculture to arrange MEC tabling.
